Dear Parent,

At VTech®, we know that in order to effectively reach kids, today's learning tools have to be plugged into the fast-paced world around them. That's why we created the **Grade School Learning Series** – an engaging set of stylized, interactive computers specially designed to get grade-school kids up to speed with their fast-paced, tech-savvy world.

Every product in the **Grade School Learning Series** covers a wide range of school basics – math, language, social studies, science, and even an intro to basic Spanish. Activities are presented in a fast-paced, arcade-game style that kids will recognize and enjoy. Each learning machine is loaded with hi-tech features such as word processors, electronic address books, plug-in accessories, and PC uplinks – tools that go hand-in-hand with the way kids learn, play and use information.

As a bonus, each Grade School Learning product includes a free 1-year membership to www.planetvtech.com. Here kids can play, learn and hang out, all within a safe and secure web environment that's fun for play and approved by Mom.

With the **Grade School Learning Series**, kids can access a way to learn that closely matches the way they already live and play. We thank you for trusting VTech® with the important job of helping your child learn and succeed. We hope to help your child discover that "It's Cool to Be Smart!"

Sincerely,

Julia Fitzgerald

All packing materials such as tape, plastic sheets, wire ties and tags are not part of this toy and should be discarded for your child's safety.

Demo strip removal:

When the product is taken out of the packaging, please remove the demo strip from the unit to activate normal play mode.

GETTING STARTED

POWER SOURCE

The **Nitro Tunes desktop™** operates on 4 "AA" sized batteries (AM-3/LR6) or a **VTech®** 9V adaptor (sold separately). The "AA" sized batteries included in the unit are for demo purposes only and are not long-life batteries.

If you are using a power supply adaptor, please remember to empty the battery slot first. Before playing, please make sure the plastic strip is removed from the back of the unit.

BATTERY INSTALLATION

NOTE: For best performance, remove all factory-installed batteries and use new, alkaline batteries.

1. Make sure the unit is turned **OFF**.
2. Locate the battery cover at the back of the unit and open it.
3. Insert 4 "AA" sized batteries as illustrated.
4. Close the battery cover.

RECHARGEABLE BATTERIES ARE NOT RECOMMENDED.

BATTERY NOTICE

- The use of new alkaline batteries is recommended for maximum performance.
- Do not try to recharge non-rechargeable batteries.
- Rechargeable batteries are to be removed from the toy before being charged.
- Rechargeable batteries are only to be charged under adult supervision.
- Do not mix different types of batteries: alkaline, standard (carbon-zinc) or rechargeable (nickel-cadmium).
- Do not mix new and used batteries.
- Only use batteries of the recommended or equivalent type.
- Install batteries correctly observing the polarity (+, -) signs to avoid leakage.
- Batteries that have run out of energy must be removed from the toy.
- Do not short circuit the supply terminals.

- Do not use more batteries than recommended.
- Remove batteries from the toy if it will not be used for an extended period of time.
- Do not dispose of batteries in fire.

AC-DC ADAPTOR

Use a **VTech®** adaptor or any other standard adaptor that complies with EN61558 DC 9V  300mA  center-positive adaptor.

CONNECTING THE ADAPTOR

1. Make sure the unit is **OFF**.
2. Locate the adaptor jack at the back of the unit.
3. Insert the adaptor plug into the unit's adaptor jack.
4. Plug the adaptor into a wall outlet.

CARE & MAINTENANCE

1. Keep your **Nitro Tunes desktop™** clean by wiping it with a slightly damp cloth. Never use solvents or abrasives.
2. Keep it out of direct sunlight and away from direct sources of heat.
3. Remove the batteries when not using it for an extended period of time.
4. Avoid dropping it. **Never** try to dismantle it.
5. Always keep **Nitro Tunes desktop™** away from water.

WARNING:

- A very small percentage of the public, due to an existing condition, may experience epileptic seizures or momentary loss of consciousness when viewing certain types of flashing colors or patterns.
- While the **Nitro Tunes desktop™** does not contribute to any additional risks, we do recommend that parents supervise their children while they play games. If your child experiences dizziness, altered vision, disorientation, or convulsions, discontinue use immediately and consult your physician.
- Please note that focusing on a screen at close range and handling a keyboard for a prolonged period of time may cause fatigue or discomfort.
- We recommend that children take a 15 minute break for every hour of play.

TROUBLESHOOTING

1. If your Nitro Tunes desktop™ stops working or does not turn on:

- Check your batteries. Make sure the batteries are fresh and properly installed.
- Insert the tip of a paper clip (or a similar object without a sharp tip) into the small hole located under the battery cover labeled “Reset.”
- If you are still having problems, visit our web site at **www.vtechkids.com** for troubleshooting tips.

2. If when pressing the On/Off button, nothing happens:

- Make sure your unit is plugged in.
- If you are using batteries, check to see that they are aligned correctly.

3. If you turn the unit on, but cannot see anything on the screen:

Adjust the contrast switch to adjust the darkness of the screen.

4. If you can't hear any sound:

Adjust the volume switch to adjust the sound level of the speaker.

5. If the screen is frozen and not responding to any input:

Use the tip of a paper clip (or a similar object without a sharp tip) to gently press the Reset button.

6. If a Windows® pop-up for formatting disk appears:

Click cancel to abort the action.

7. If the computer does not auto-launch to Nitro Tunes Building after plugging in the Nitro Tunes desktop™:

- Make sure that the software downloaded from the Planet VTech web site was properly installed onto the computer.
- Check the USB connection. Make sure the cable ends are connected correctly.

8. If the computer cannot access www.planetvtech.com or failed to load:

Make sure you have the latest version of Adobe Flash Player® and make sure your firewall or router is properly set up to accept the incoming connection on Port 3030.
